Re: Upcoming Schedule for September and October FCM Working Group Meetings

So as to avoid confusion, and with the hope of maximizing in-person participation at upcoming Forward Capacity Market Working Group Meetings (FCMWG), you are being provided a table that details meeting times, locations, and registration information for FCMWG meetings scheduled for the next six weeks.

If necessary, additional meetings may be added so that a term sheet can be completed in a timely manner – by the last FCMWG meeting scheduled for October 29. This will allow the term sheet developed by the FCMWG to be provided to the Participants Committee on October 30.
