

To: NEPUC, NEPOOL, Consumer Advocates, and other interested parties

From: The Honorable Paul Roberti, Commissioner, Rhode Island Public Utilities Commission; Robert Stein, Chairman, NEPOOL Participants Committee; and Anne George, ISO New England, Vice President, External Affairs & Corporate Communications

Date: September 2, 2009

Re: **FCMWG Meeting, 9/9/09, Courtyard Marriott, Marlborough** ([DIRECTIONS](#))

Registration: See <http://www.iso-ne.com/calendar/detail.action?eventId=41618&link=yes&filter=off> for meeting details and to register

We are sending this email to request that FCMWG members be prepared at the next FCMWG meeting on September 9, 2009 (at Courtyard Marriott, Marlborough, MA, 9:30 AM to 4:00 PM) to identify in writing any issue (other than APR or the LSR/TSA/Zones and ICR items) that you believe must be included in any final package of changes that the FCMWG will recommend to the Participants Committee at the end of October.

In addition, we request that such written documentation include enough information on each identified issue such that the FCMWG understands your concerns and/or reasons why you think it is necessary to be included in any package. Please submit, if possible, all written materials to us no later than September 7th so that they can be circulated to the group ahead of the meeting (via email to Michael Giaimo at mgiaimo@iso-ne.com). Please note that as meeting materials become available they will be posted at: http://www.iso-ne.com/committees/comm_wkgrps/othr/fcmwg/mtrls/2009/sep92009/index.html.

For your convenience, here is a link to the original list of FCM Working Group Issues, which was presented to the FCMWG at its July 30 meeting -- http://www.iso-ne.com/committees/comm_wkgrps/othr/fcmwg/mtrls/2009/jul302009/issues_grid_7_30.pdf). It is our expectation that any identified issue would come from this list (or if not on this list, with sufficient explanation as to why it was not originally included).

Please let us know if you have any questions regarding this request or if you would like to discuss further with us. We appreciate the time and effort that many of you have already invested in this process, which we believe was reflected in the productive meeting held on Monday.

Thank you again for your attention to this request.

Also, please note that registration for the September 9th FCMWG meeting can be accessed via the ISO's calendar - <http://www.iso-ne.com/calendar/detail.action?eventId=41618&link=yes&filter=off>.
