Dear Ms. Takle:

On December 1, 2011, Non-Price Retirement Requests were submitted for the resources identified in the table below for the effective date of June 1, 2015.

Resource ID	Resource Name
37979	RTDR_50969_Boston (7507)
37980	RTDR_50969_North Shore (7508)
38041	RTEG_50969_Boston (7507)
38042	RTEG_50969_Lower SEMA (7511)
38043	RTEG_50969_North Shore (7508)
38044	RTEG_50969_SEMA (7512)

ISO New England Inc. (“ISO-NE”) has reviewed these requests pursuant to ISO-NE Planning Procedure No. 10 – *Planning Procedure to Support the Forward Capacity Market* (“PP-10”) and has concluded there is not a reliability need for these Resources and accordingly the Non-Price Retirement Requests are accepted.

This finding was reviewed with the Reliability Committee on January 17, 2012. There was no request for studies to be performed and no objections to the Non-Price Retirement Requests were raised.

Pursuant to the ISO-NE Transmission, Markets and Service Tariff, these Resources and their associated market assets will be retired effective June 1, 2015.

If you have any questions, please contact ISO-NE’s Customer Support at (413) 540-4220 or custserv@iso-ne.com.

Sincerely,

Stephen J. Rourke
Vice President, System Planning
