**Forward Reserve Auction Results Report**

<b>Column Heading</b>	<b>Description</b>
Forward Reserve Procurement Period	Is the period during which delivery of any Forward Reserve Requirement is made. Each Forward Reserve Procurement Period shall normally begin and end with the Summer (June 1 through September 30) or Winter (October 1 through May 31) Seasonal Claimed Capability Period. Unless otherwise stated in the Forward Reserve Auction notice, each Forward Reserve Auction will include one Seasonal Claimed Capability Period. The ISO will generally conduct two Forward Reserve Auctions per Power Year. The hours during which delivery of Forward Reserve is required are the peak hours of the day (hour ending 8 through hour ending 23) excluding weekends and NERC Holidays.
Procurement Period Begin Month	Is the first month of the Procurement Period.
Procurement Period End Month	Is the last month of the Procurement Period.
Reserve Zone ID	Is the numerical designation for each specific reserve zone (ROS, CT, SWCT, and NEMABSTN)
Reserve Zone Name	The name for each specific reserve zone (ROS, CT, SWCT, and NEMABSTN)
TMNSR Total Supply Offered MW	The total megawatt amount of TMNSR Reserve Supply offered into the Forward Reserve Auction for the specific Forward Reserve Procurement Period and by specific reserve zone (ROS, CT, SWCT, and NEMABSTN)
TMNSR Total Supply Cleared MW	The total megawatt amount of TMNSR Reserves that cleared in the Forward Reserve Auction for the specific Forward Reserve Procurement Period and by specific reserve zone (ROS, CT, SWCT, and NEMABSTN).
TMNSR Clearing Price	The TMNSR MW price set for each specific zone (ROS, CT, SWCT, and NEMABSTN) by the clearing of the Locational Forward Reserve Auction.
TMOR Total Supply Offered MW	The total megawatt amount of TMOR Reserve Supply offered into the Forward Reserve Auction for the specific Forward Reserve Procurement Period and by specific reserve zone (ROS, CT, SWCT, and NEMABSTN).
TMOR Total Supply Cleared MW	The total megawatt amount of TMOR Reserves that cleared in the Forward Reserve Auction for the specific Forward Reserve Procurement Period and by specific reserve zone (ROS, CT, SWCT, and NEMABSTN).
TMOR Clearing Price	The TMOR MW price set for each specific zone (ROS, CT, SWCT, and NEMABSTN) by the clearing of the Forward Reserve Auction.
