**Re: Request for Extension of Time in Filing Form 1**

Dear Secretary Bose:

ISO New England Inc. (the "ISO") respectfully requests an extension of time to file its Form 1 for report year 2009, currently due April 19, until such time as the Commission's electronic Form 1 Submission System is working for the ISO.

The ISO has been unable to file its Form 1 electronically through the Commission's Form 1 Submission System. The ISO has communicated on a number of occasions with the Commission's Online Support Group and is awaiting a resolution. The ISO would be happy to provide copies of its correspondence with Commission staff on this topic upon request.

In the meantime, the ISO has submitted a hard copy of the 2009 Form 1 and the required Form 1 Annual CPA Certification, both of which can be found in the Commission's e-Library with a docket number ZZ10-1-000.

The Commission has previously granted extensions for making Form 1 filings. *See, e.g.*, Letter Order Issued May 28, 2009 (Docket No. AC09-132-000) (approving extension for California ISO to file Form 1).

The ISO asks the Commission to grant this request extending the deadline for electronic filing of the ISO's 2009 Form 1 until such time as the Commission's Form 1 Submission System is working for the ISO. Thank you in advance for your consideration. If you have any questions, please do not hesitate to call me at (413) 540-4473.

Respectfully submitted,

---
