RE: Queue Position 499

Dear Ms. Winkler:

By decision dated July 19, 2019, the New Hampshire Supreme Court declined to reverse the New Hampshire Site Evaluation Committee decision denying Northern Pass Transmission LLC's (NPT) application for a Certificate of Site and Facility for the Northern Pass Transmission Project (Project). After due consideration, NPT has concluded that the Project, in its current configuration, is no longer viable. Thus, in accordance with Section I.3.9. of the ISO New England Inc.'s Transmission, Markets and Services Tariff, NPT is providing this notification of withdrawal of the following Proposed Plan Applications associated with Queue Position Number termination under Section 2.3.1. of the Elective Transmission Upgrade Interconnection Agreement by and among ISO New England Inc., NPT and Public Service Company of New Hampshire dated November 16, 2018:

- ES-16-T31 – Franklin, New Hampshire Converter Station
- ES-16-T32 – Franklin to Des Cantons DC Line
- ES-16-T33 – Franklin to Deerfield AC Line
- ES-16-T34 – 345kV Deerfield Substation
- ES-16-T35 – 345kV Scobie Pond Substation
- ES-16-T36 – Line 373 Upgrade
- ES-16-T37 – Line 391 Line Loop into Deerfield and Line 391S Upgrade

If you have any questions, please don't hesitate to reach out to me.

Sincerely,

A handwritten signature in black ink, appearing to read 'P. P. Smith', written over a horizontal line.
