²For FCA 17, measures associated with a new On-Peak or Seasonal Demand Resource must have not been in service prior to June 9, 2022.

³For FCA 18, measures associated with a new On-Peak or Seasonal Demand Resource must have not been in service prior to June 5, 2023.

⁴On November 3, 2023, the ISO submitted revisions to its Tariff to FERC to delay FCA 19, including all pre-auction and post-auction activities related thereto, for one calendar year (see FERC Docket No. ER24-339-000). The dates listed in this document will change if FERC accepts the submitted Tariff revisions.
